MEMORANDUM

To: James L. Gillis Jr., City Manager
From: Becky Witte, Deputy City Clerk
Re: Consideration of awarding the Sewer Rehabilitation Services Bid (Bid No. 23-B-005) to American In-Line Inspection, Inc and Atlantic Pipe Services LLC for pipe lining to reduce groundwater inflow and infiltration into the sewer system.
Date: March 29, 2023

The City Council approved \$750,000 in Sewer Rehabilitation for Fiscal Year 2022-2023. Representative Chase Tramont has requested an Appropriations Project in the amount of \$1,500,000 for our Sewer System Rehabilitation Pipelining and staff will be recommending additional budget allocations from the Council for Fiscal Year 2023-2024.

In February, staff solicited bids for the Sewer System Rehabilitation Project and two bids were received from American In-Line Inspection, Inc and Atlantic Pipe Services LLC. Both contractors are leaders in the industry, have local offices, and provide quality service to numerous municipalities throughout the State of Florida

As this will be a multi-year project, staff is recommending the Council award the Sewer Rehabilitation Services Bid (Bid No. 23-B-005) to both American In-Line Inspection, Inc and Atlantic Pipe Services LLC for a three-year term with the option for an additional two (2) two-year renewal periods.

If approved, staff is planning to begin the rehabilitation project immediately before the summer months where groundwater infiltration would be at its highest. Staff will monitor cost to rehabilitate the most critical areas first while staying within the budgeted amount for the current fiscal year.

Atlantic Pipe Services LLC
