## MEMORANDUM

To: James L. Gillis, Jr., City Manager

From: Jason Oliva, Finance Director

Date: March 8, 2025

Re: Consideration of awarding a contract to PSG Concrete & Excavation for the construction of a security wall in front of the Public Works Storage Yard and the newly acquired former Thrift Store property in an amount of \$92,786.13 as budgeted in the Redevelopment Trust Fund for the current fiscal year.

The City requested bids for the installation of a security wall along the front of the Public Works Storage Yard and the newly acquired former Thrift Store property in accordance with our purchasing policies.

Staff received five bids in response to our request. The bid tabulation is shown below.

Description	Unit of Measure	Responses				
		DDS Enterprises	East Coast	Meierer Contracting	MVB	PSG Concrete
Security Wall Construction	Lump Sum	\$117,000	147,272	\$140,000	\$168,936	\$92,787

The lowest qualified bidder is PSG Concrete & Excavation in the amount of \$92,787. PSG has successfully installed the security wall in front of the nearby Public Works Facility last year, so staff believes they are qualified to construct this wall. The cost of the proposed security wall is budgeted in the Redevelopment Trust Fund for the current fiscal year.

Since the individual cost of the proposed wall exceeds the City Manager's spending authority of \$25,000, City Council approval is required for this contract. Staff recommends awarding a contract to PSG for the proposed wall installation. If awarded, construction is set to begin in May and be completed in July 2025.
